INDIANA UTILITY
REGULATORY COMMISSION

CAUSE NO. 41605

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") has caused the following entry to be made:

The Presiding Officers have reviewed the Settlement Agreement submitted in this Cause and have the following questions:

1. Why did Citizens Gas initially determine that the cost incurrence had occurred for Rate 6 customers, which subjected these customers to transition costs, and what led Citizens Gas to conclude that this had not occurred?

2. How much money is being reallocated to rate D5 customers? Have the Parties prepared a report on credits and refunds? If so, can this report be provided to the Commission?

The Parties should file a response to these questions on or before December 5, 2003.

IT IS SO ORDERED.
